OUR 17th ANNUAL  
SHOW and SALE  
Thursday, March 16, 1961  
Red Oak, Iowa

## *Our Invitation*

We most cordially invite everyone interested in good livestock to attend the Southwest Iowa Shorthorn Show and Sale of 1961.

The herd bulls are up to our usual high standards. A majority of these are of serviceable age and ready to use. There is much new breeding for the buyers of former years. Their blood lines are the most popular of the times. The bulls are the kind that will breed deep bodies and natural thickness on their calves.

The females represent the best blood lines and the most approved types always offered at Red Oak. They are and will be great beef cows that will safely contribute their half to the inheritance of superior beef calves.

We would like you to know the consignors. We urge you to study the pedigrees and footnotes in this illustrated catalog, all of which will confirm the rich breeding, outstanding records and individual excellence of their offerings. We feel that you can end your search for the best in Short-horns—right here.

You will enjoy being with us in Red Oak on Thursday, March 16. We will be happy to have you and will endeavor to make the day a pleasant, interesting and profitable one.

**RED OAK** is in the southwest corner of Iowa, Montgomery County. Red Oak is 50 miles east of Omaha, 125 miles southwest of Des Moines and on the main line of the C. B. & Q. railroad as well as on Federal Highway No. 34 and State Highway 48.

**HOTEL ACCOMMODATIONS** are offered through the HOTEL JOHNSON, famous hostelry of Southwest Iowa. Their rooms are nice. They are clean. They are comfortable. The dining room affords the best in foods—a wide variety. Those from a distance planning to stay over night should arrange for accommodations in advance at Hotel Johnson.

## SOUTHWEST IOWA SHORTHORN ASSOCIATION

### STANDARD GUARANTEE

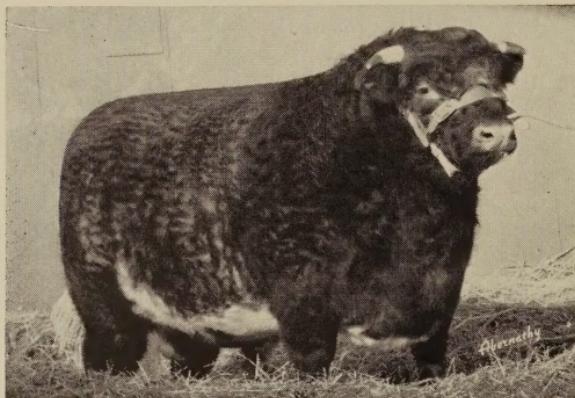

of

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such a case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty dys prior to the sale, or are accompanied by a Bang's Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and records numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale auction.

All prospective buyers should check health requirements of their states. As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to the sale, or will have Certificates of Bang's Calfood Vaccination, and those that are not Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

**GOLDEN MARENGO 3056-485** is a very deep bodied, good headed heifer and out of one of our best show families. She is a half sister to the champion steer at the American Royal and Chicago, also the reserve grand champion at San Antonio. This heifer was our junior heifer calf for the shows last fall and was always standing good in her class. She is a very good heifer for any 4-H show or open class show. Don't overlook this heifer as this is the first heifer ever for sale out of Elbrlaw Dazzling Prince 2d 2845882.

## LOTS 40 TO 61 INCLUSIVE

These comprise the entire older heifer crop of Lomas Farms in 1960. They are daughters of Dunrovin Archer 2868227 and Marellbar Declaration 2848011, two of the greatest sires we have ever used. Furthermore, they are attractive heifers backed up by a good, strong pedigree in each case. They are excellent heifers for 4-H and FFA, as well as herd building material. Each heifer has been pretested and calf hood vaccinated, likewise tested for TB and are clean.

These comprise the most uniform group of heifers ever produced by Lomas Farms.
